

Apart! together

Baltimore, Washington y la ruta a La Habana.

[1] Verse

High D = xx0779, then xx7779

High E = x7x08(10), then same?

[2] (chorus) D G B A

[3] (bridge) A G D

[1-1]

No one ever [D] danced
Like we did [E]
In the days
In the dark!

[D] No one ever [A] danced
Like we did in the days
In the dark

[1-2] Chorus

We fell a-[2-D]part!
To-[G]gether
[B] In each other's [A] arms
In our sacred splendor
We threw our bombs.
We'd smash the state and then
[Stand up to the state and then]
We'd dance again [make love again]
We fell apart.

[2-1]

We danced where we wanted
And when we wanted
And to whatever song we wanted to.

We danced how we wanted
Dressed as we wanted
Or not dressed at all
Those rumors are [2] true!

[2-2]

We fell apart 2: together
In each other's arms
And did not wonder whether

2: *We went too far.*
Make revolution again
At 4am
We fell apart.

[3]

1: Swing low
2: *Higher notions*
1: Evo!
2: *Perpetual motions*
1: Eso! [Silvio!]
2: *Like Emma Goldman*
1&2: *Knows.*

[3-1]

1&2: No one ever danced like we did
And I can't
Dance like that on my own.
Someday when we're old and grey
& our partners aren't around to complain
We'll take each other in these arms
And dance like no one ever did again!

[3-2]

We fell a-part!
2: *Together*
3: *In our sacred splendor*
We threw our bombs.
We fell a-part!
2: *Together*
3: *In our sacred splendor*
We gave alms.
We fell a-part!
2: *Together*
3: *And did not wonder whether*
We went too far.

We fell apart.

(music falls apart, rests, resolves with quick staccato chord)
